 Hewitt Farms Associates and Hewitt Farms Associates II
 Petitioners
 * * * * *

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Deputy Zoning Commissioner as combined Petitions for Special Hearing and Variance for the above-captioned properties, all located in the community known as Hewitt Farms. The lots in question are located within the subdivisions known as Pleasant Fields and Hewitt Farms, which are situated on the south side of Pleasant Hill Road, east of Meadowlea Road and north of Ritters Lane in Owings Mills. The Petitions were filed by the owners of the property, Hewitt Farms Associates and Hewitt Farms Associates II, by Lowrie B. Sargent, General Partner, through their attorney, Stephen J. Nolan, Esquire. Respectively, the Petitioners seek approval of amendments to the Final Development Plans for both Pleasant Fields and Hewitt Farms to reflect certain variance relief requested within the Petitions for Variance. Specifically, the Petitioners seek relief from Section 1B02.3.B of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a distance of 20 feet between windows in lieu of the required 40 feet; to permit a distance of 5 feet from a window to a property line in lieu of the required 15 feet; and 3) to permit a distance of 20 feet between facing elevations over 20 feet high in lieu of the required graduated distances based on building height. The respective properties are more particularly described in the

ORDER RECEIVED FOR FILING

Date

By

MICROFILMED

site plans submitted in each case which were accepted and marked into evidence as Petitioner's Exhibits 1.

Appearing at the hearings on behalf of the Petitions were Lowrie B. Sargent, a General Partner in both Hewitt Farms Associates and Hewitt Farms Associates II; Stephen J. Nolan, Esquire, attorney for the Petitioners, and David Billingsley, Professional Engineer with Central Drafting and Design, Inc., who prepared the site plans for both projects. Also appearing in support of the Petitions were Stephen J. Beinstein, President of the Owings Meadows Homeowners Association, and John R. White and Angela M. Monaghan, representatives of Patriot Homes, Builder. There were no Protestants present.

Testimony and evidence offered revealed that the two developments which are the subject of these Petitions are located adjacent to one another off of Pleasant Hill Road in Owings Mills. The Petitioners are in the process of building out the two subdivisions in question; however, while several homes are under construction, many of the lots have not yet sold. Testimony indicated that due to the number of residential communities now being developed in this particular area of Owings Mills, the Petitioners deem it necessary to modify the design of the remaining homes to be built in order to remain competitive with other subdivisions in the area. Mr. Sargent testified that the Petitioners wish to have the flexibility to design different types of houses and to position them differently on the lots so as to attract potential buyers. The Petitioners believe that this added flexibility will allow them to be competitive and more attractive to potential buyers and permit the builder to develop the remaining lots in these subdivisions.

On behalf of the Petitioners, Mr. Stephen J. Beinstein, President of the Owings Meadows Homeowners' Association, submitted a letter of support from his organization asking that the special hearing and variance relief be granted. The Homeowners' Association represents the residents who currently reside in these subdivisions. These residents believe that if this flexibility is extended to the Petitioners, the remaining lots will be developed and the value of the existing homes in these communities will be maintained. Mr. Beinstein's letter demonstrated that construction in both communities has been ongoing since 1991 and the residents are looking forward to completion of this project.

An area variance may be granted where strict application of the zoning regulations would cause practical difficulty to the Petitioner and his property. McLean v. Soley, 270 Md. 208 (1973). To prove practical difficulty for an area variance, the Petitioner must meet the following:

- 1) whether strict compliance with requirement would unreasonably prevent the use of the property for a permitted purpose or render conformance unnecessarily burdensome;
- 2) whether a grant of the variance would do a substantial justice to the applicant as well as other property owners in the district or whether a lesser relaxation than that applied for would give sufficient relief; and,
- 3) whether relief can be granted in such fashion that the spirit of the ordinance will be observed and public safety and welfare secured.

Anderson v. Bd. of Appeals, Town of Chesapeake Beach, 22 Md. App. 28 (1974).

After due consideration of the testimony and evidence presented, it is clear that practical difficulty or unreasonable hardship will result if the special hearing and variance relief are not granted. It has been

established that special circumstances or conditions exist that are peculiar to the land or structure which is the subject of this variance request and that the requirements from which the Petitioner seeks relief will unduly restrict the use of the land due to the special conditions unique to this particular parcel. In addition, the relief requested will not cause any injury to the public health, safety or general welfare and is in strict harmony with the spirit and intent of the B.C.Z.R.

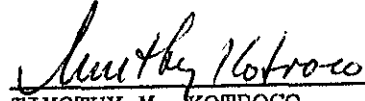

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and for the reasons given above, the variance requested should be granted.

THEREFORE, IT IS ORDERED by the Deputy Zoning Commissioner for Baltimore County this 8th day of May, 1996 that the Petitions for Special Hearing in Cases 96-368-SPHA and 96-369-SPHA to approve amendments to the respective Final Development Plans for Pleasant Fields and Hewitt Farms to reflect certain variance relief as requested, in accordance with Petitioner's Exhibits 1, be and are hereby GRANTED; and,

IT IS FURTHER ORDERED that the Petitions for Variance in Cases 96-368-SPHA and 96-369-SPHA seeking relief from Section 1B02.3.B of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a distance of 20 feet between windows in lieu of the required 40 feet; to permit a distance of 5 feet from a window to a property line in lieu of the required 15 feet; and 3) to permit a distance of 20 feet between facing elevations over 20 feet high in lieu of the required graduated distances based on building height for Nos. 2 thru 10 Nearock Court, and No. 130 thru 145, 147 and 148 Disney Court in the Pleasant Fields subdivision, and for Nos. 302, 306, 314 318, 320, and 324 Belltown Road, 205, 206, 210, 211, 212, 213, 215, 228, 230, 231, 233, and 239 Ritterslea Court in the Hewitt Farms subdivision,

in accordance with the respective Petitioners' Exhibits 1, be and are hereby GRANTED, subject to the following restrictions:

- 1) The Petitioners may apply for their building permit and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such time as the 30-day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, the relief granted herein shall be rescinded.
- 2) Notwithstanding the variance relief granted, the Petitioners and/or Builder shall not in any manner interfere with any of the 20-foot drainage and utility easements located within either subdivision.
- 3) When applying for any permits, the site plan and/or landscaping plan filed must reference this case and set forth and address the restrictions of this Order.

BRIEF TO ACCOMPANY APPLICATION FOR VARIANCES
HEWITT FARMS AND
PLEASANT FIELDS

The Hewitt Farms and Pleasant Fields subdivisions, zoned D.R. 3.5, were reviewed and approved under the C.R.G. development process and subject to the zoning regulations in effect at the time. These regulations imposed certain setbacks relative to window to window, window to property line and distances between facing elevations based on the height of the buildings.

Between December, 1991 and February, 1994, Ryland Homes purchased 61 lots ranging in prices from \$ 66,000 in 1991 to \$ 77,550 in 1994 with an average sales pace of 2.3 lots per month. Ryland Homes left the subdivision in 1994 because of a continuing decline in sales activity. Since February, 1994, a total of 15 lots have been sold with an average sales pace of 0.6 lots per month. Additionally, the lot prices are now about \$ 60,000 or \$ 17,550 less than the prices in 1994. Two of the four builders actively marketing the lots since 1994 have gone bankrupt and a third has left the project.

This drastic reduction in both sales pace and sales price can in large part attributed to the setback restrictions mentioned above. Potential customers that are interested in the Owings Mills area are able to purchase comparably sized lots in subdivisions approved under the current development and zoning regulations which offer a wider variety of housing designs. The current regulations will permit a larger house and will permit a wider use of windows. The change in regulations places our projects at a significant disadvantage to those projects approved under the current regulations.

Hewitt Farms Associates and Hewitt Farms Associates II has and is suffering undue hardship because of the following:

- (1) We are not able to secure a "reasonable return" on our property as evidenced by the significantly decrease in sales pace and sales price.
- (2) The difficulties we endure are particularly peculiar to our property when compared to newer projects with the same zoning.
- (3) This hardship is not a result of our actions but rather a result of the County's action in changing the regulations.

MICROFILMED

ITEM # 364

PAGE TWO

96-369-SRHA

Hewitt Farms Associates and Hewitt Farms Associates II are also faced with practical difficulty because:

- (1) Strict compliance would be unreasonably burdensome because of our competitive disadvantage to newer projects approved under current regulations.
- (2) The grant of this variance would be a benifit for the existing residents in this community because an increase in sales pace will allow the projects to be completed, thus allowing the citizens to peacefully enjoy the community without the burden of construction noise, dust debris, traffic and promotional signage.
- (3) The grant of this variance would have no detrimental effect on public safety and welfare and would in fact improve the safety and welfare because of the issues cited in (2) above.

ZONING HEARING ADVERTISING AND POSTING REQUIREMENTS & PROCEDURES

Baltimore County zoning regulations require that notice be given to the general public/neighboring property owners relative to property which is the subject of an upcoming zoning hearing. For those petitions which require a public hearing, this notice is accomplished by posting a sign on the property and placement of a notice in at least one newspaper of general circulation in the County.

This office will ensure that the legal requirements for posting and advertising are satisfied. However, the petitioner is responsible for the costs associated with these requirements.

PAYMENT WILL BE MADE AS FOLLOWS:

- 1) Posting fees will be accessed and paid to this office at the time of filing.
- 2) Billing for legal advertising, due upon receipt, will come from and should be remitted directly to the newspaper.

NON-PAYMENT OF ADVERTISING FEES WILL STAY ISSUANCE OF ZONING ORDER.

RE: Item No.: 364
Case No.: 96-369-SPHA
Petitioner: Hewitt Farms Assoc. II

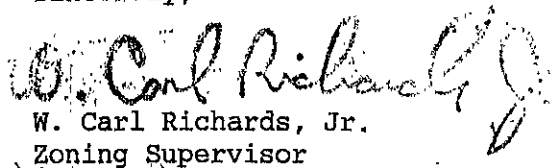

Dear Mr. Nolan:

The Zoning Advisory Committee (ZAC), which consists of representatives from Baltimore County approval agencies, has reviewed the plans submitted with the above referenced petition, which was accepted for processing by Permits and Development Management (PDM), Zoning Review, on April 22, 1996.

Any comments submitted thus far from the members of ZAC that offer or request information on your petition are attached. These comments are not intended to indicate the appropriateness of the zoning action requested, but to assure that all parties (zoning commissioner, attorney, petitioner, etc.) are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case. Only those comments that are informative will be forwarded to you; those that are not informative will be placed in the permanent case file.

If you need further information or have any questions regarding these comments, please do not hesitate to contact the commenting agency or Joyce Watson in the zoning office (887-3391).

Sincerely,

W. Carl Richards, Jr.
Zoning Supervisor

SUBJECT: Zoning Advisory Committee Meeting
 For April 15, 1996
 item No. 364

The Development Plans Review Division has reviewed the subject zoning item. A 20-foot drainage and utility easement is located along the northeast property line of #314 Belltown Road, between #215 and #217 Ritterslea Court, along the northeast property line of #228 Ritterslea Court and the northwest property line of #230 Ritterslea Court. The variance to permit a distance of 5 feet from window to property line would encroach onto these 20-foot drainage and utility easements. We cannot recommend approval of these three lot variances.

re: Hewitt Farms Associates
Variance and Special Hearing Request
CAsE No.

Dear Mr. Commissioner:

Owings Meadows Homeowners Association consists of all the property owners in the Hewitt Farms subdivision. The lot owners in the Pleasant Fields subdivision will also become members of the Owings Meadows Homeowners Association once those houses are built and occupied.

Our Association has met with the petitioner to review the request for variances to reduce the distances required between windows and property lines, between facing windows and the dwelling to dwelling separation relative to the height of the dwelling.

We believe that the granting of the petitioner's requests by your office should make the lots more desirable to new residents and therefore more desirable to the builders, thereby allowing the completion of the project and an end to the construction which has been ongoing since 1991. Completion of the subdivision should assist in maintaining our property values.

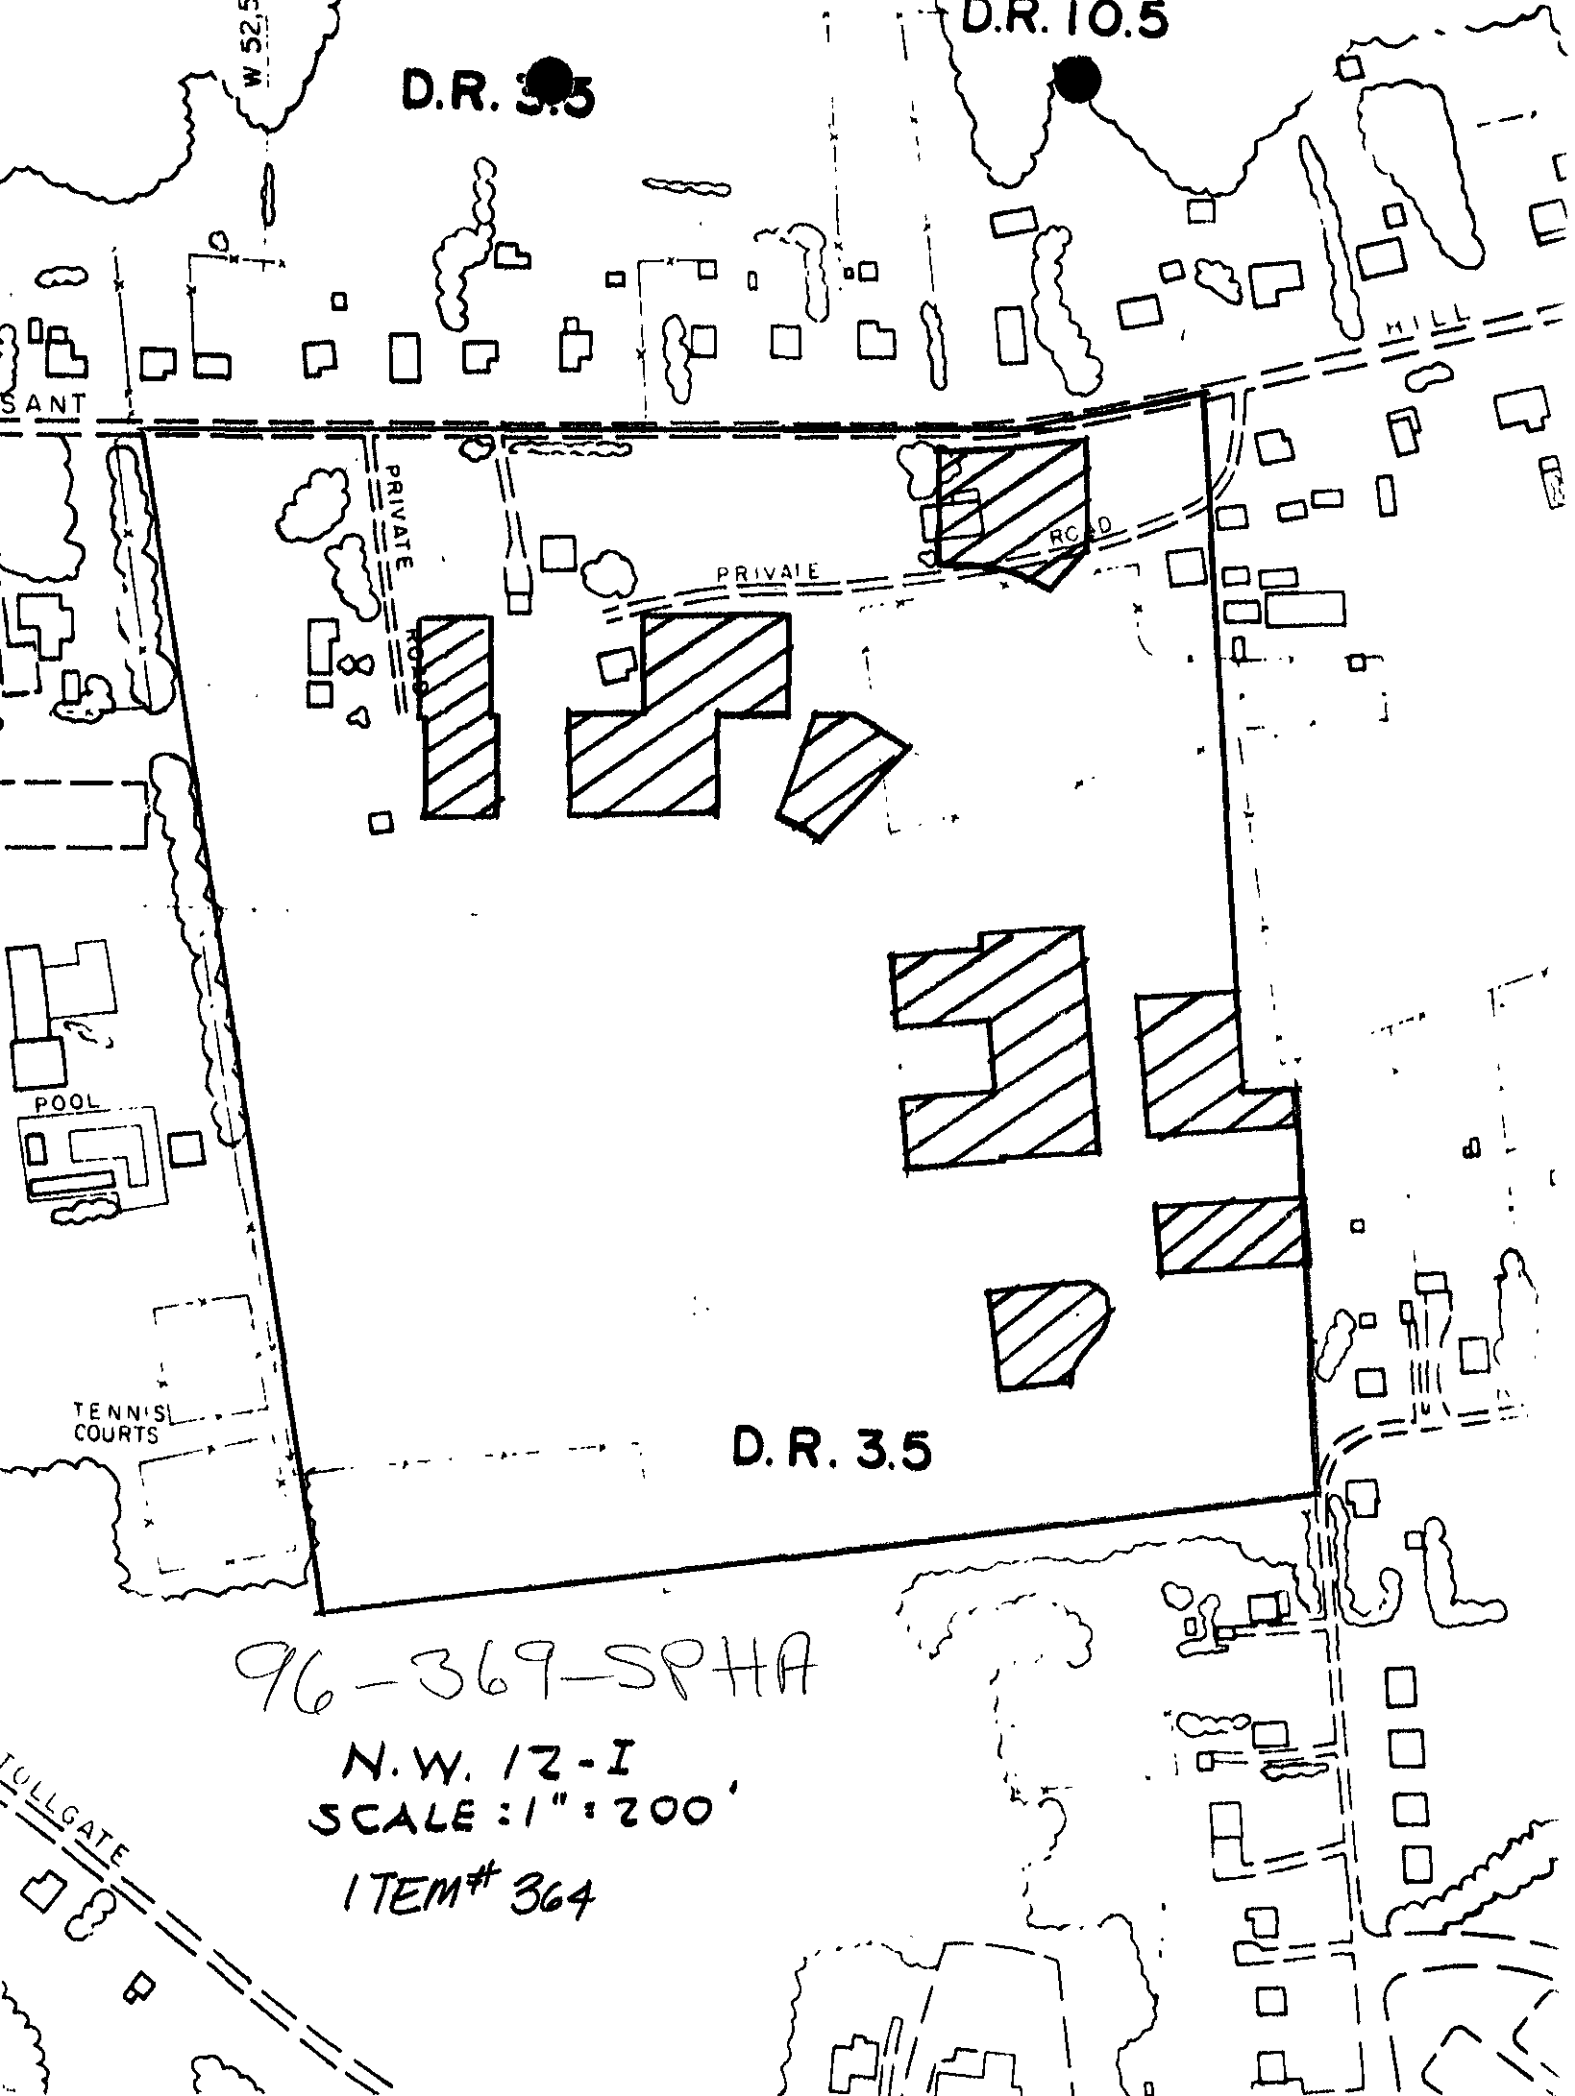

Based on the above, the Owings Meadows Homeowners Association supports the petitioner's request for variance.

Very truly yours,

Owings Meadows Homeowners Association

FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Deputy Zoning Commissioner as combined Petitions for Special Hearing and Variance for the above-captioned properties, all located in the community known as Hewitt Farms. The lots in question are located within the subdivisions known as Pleasant Fields and Hewitt Farms, which are situated on the south side of Pleasant Hill Road, east of Meadowlea Road and north of Ritters Lane in Owings Mills. The Petitions were filed by the owners of the property, Hewitt Farms Associates and Hewitt Farms Associates II, by Lowrie B. Sargent, General Partner, through their attorney, Stephen J. Nolan, Esquire. Respectively, the Petitioners seek approval of amendments to the Final Development Plans for both Pleasant Fields and Hewitt Farms to reflect certain variance relief requested within the Petitions for Variance. Specifically, the Petitioners seek relief from Section 1802.3.B of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a distance of 20 feet between windows in lieu of the required 40 feet; to permit a distance of 5 feet from a window to a property line in lieu of the required 15 feet; and 3) to permit a distance of 20 feet between facing elevations over 20 feet high in lieu of the required graduated distances based on building height. The respective properties are more particularly described in the

site plans submitted in each case which were accepted and marked into evidence as Petitioner's Exhibits 1.

Appearing at the hearings on behalf of the Petitions were Lowrie B. Sargent, a General Partner in both Hewitt Farms Associates and Hewitt Farms Associates II; Stephen J. Nolan, Esquire, attorney for the Petitioners, and David Billingsley, Professional Engineer with Central Drafting and Design, Inc., who prepared the site plans for both projects. Also appearing in support of the petitions were Stephen J. Beinstein, President of the Owings Meadows Homeowners Association, and John R. White and Angela M. Monaghan, representatives of Patriot Homes, Builder. There were no Protestants present.

Testimony and evidence offered revealed that the two developments which are the subject of these Petitions are located adjacent to one another off of Pleasant Hill Road in Owings Mills. The Petitioners are in the process of building out the two subdivisions in question; however, while several homes are under construction, many of the lots have not yet sold. Testimony indicated that due to the number of residential communities now being developed in this particular area of Owings Mills, the Petitioners deem it necessary to modify the design of the remaining homes to be built in order to remain competitive with other subdivisions in the area. Mr. Sargent testified that the Petitioners wish to have the flexibility to design different types of houses and to position them differently on the lots so as to attract potential buyers. The Petitioners believe that this added flexibility will allow them to be competitive and more attractive to potential buyers and permit the builder to develop the remaining lots in these subdivisions.

- 2 -

On behalf of the Petitioners, Mr. Stephen J. Beinstein, President of the Owings Meadows Homeowners' Association, submitted a letter of support from his organization asking that the special hearing and variance relief be granted. The Homeowners' Association represents the residents who currently reside in these subdivisions. These residents believe that if this flexibility is extended to the Petitioners, the remaining lots will be developed and the value of the existing homes in these communities will be maintained. Mr. Beinstein's letter demonstrated that construction in both communities has been ongoing since 1991 and the residents are looking forward to completion of this project.

An area variance may be granted where strict application of the zoning regulations would cause practical difficulty to the Petitioner and his property. McLean v. Soley, 270 Md. 208 (1973). To prove practical difficulty for an area variance, the Petitioner must meet the following:

- 1) whether strict compliance with requirement would unreasonably prevent the use of the property for a permitted purpose or render conformance unnecessarily burdensome;
- 2) whether a grant of the variance would do a substantial justice to the applicant as well as other property owners in the district or whether a lesser relaxation than that applied for would give sufficient relief; and,
- 3) whether relief can be granted in such fashion that the spirit of the ordinance will be observed and public safety and welfare secured.

Anderson v. Bd. of Appeals, Town of Chesapeake Beach, 22 Md. App. 28 (1974).

After due consideration of the testimony and evidence presented, it is clear that practical difficulty or unreasonable hardship will result if the special hearing and variance relief are not granted. It has been

- 3 -

established that special circumstances or conditions exist that are peculiar to the land or structure which is the subject of this variance request and that the requirements from which the Petitioner seeks relief will unduly restrict the use of the land due to the special conditions unique to this particular parcel. In addition, the relief requested will not cause any injury to the public health, safety or general welfare and is in strict harmony with the spirit and intent of the B.C.Z.R.

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and for the reasons given above, the variance requested should be granted.

THEREFORE, IT IS ORDERED by the Deputy Zoning Commissioner for Baltimore County this 8th day of May, 1996 that the Petitions for Special Hearing in Cases 96-368-SPHA and 96-369-SPHA to approve amendments to the respective Final Development Plans for Pleasant Fields and Hewitt Farms to reflect certain variance relief as requested, in accordance with Petitioner's Exhibits 1, be and are hereby GRANTED; and,

IT IS FURTHER ORDERED that the Petitions for Variance in Cases 96-368-SPHA and 96-369-SPHA seeking relief from Section 1802.3.B of the Baltimore County Zoning Regulations (B.C.Z.R.) to permit a distance of 20 feet between windows in lieu of the required 40 feet; to permit a distance of 5 feet from a window to a property line in lieu of the required 15 feet; and 3) to permit a distance of 20 feet between facing elevations over 20 feet high in lieu of the required graduated distances based on building height for Nos. 2 thru 10 Nearrock Court, and No. 130 thru 145, 147 and 148 Disney Court in the Pleasant Fields subdivision, and for Nos. 302, 306, 314, 318, 320, and 324 Belltown Road, 205, 206, 210, 211, 212, 213, 215, 228, 230, 231, 233, and 239 Ritterslea Court in the Hewitt Farms subdivision,

- 4 -

in accordance with the respective Petitioners' Exhibits 1, be and are hereby GRANTED, subject to the following restrictions:

- 1) The Petitioners may apply for their building permit and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until such time as the 30-day appellate process from this Order has expired. If, for whatever reason, this Order is reversed, the relief granted herein shall be rescinded.
- 2) Notwithstanding the variance relief granted, the Petitioners and/or builder shall not in any manner interfere with any of the 20-foot drainage and utility easements located within either subdivision.
- 3) When applying for any permits, the site plan and/or landscaping plan filed must reference this case and set forth and address the restrictions of this Order.

Petition for Special Hearing
to the Zoning Commissioner of Baltimore County
for the property located at
96-369-SPHA
This Petition shall be filed with the Office of Zoning Administration & Development Management.
The undersigned, legal owner(s) of the property situated in Baltimore County and which is described in the description and plat attached hereto and made a part hereof, hereby petition for a Special Hearing under Section 500.7 of the Zoning Regulations of Baltimore County, to determine whether or not the Zoning Commissioner should approve
an amendment to the Final development Plan for Hewitt Farms reflecting the approval of variances.

Property is to be posted and advertised as prescribed by Zoning Regulations.
I, or we, agree to pay expenses of above Special Hearing advertising, posting, etc., upon filing of this petition, and further agree to and are to be bound by the zoning regulations and restrictions of Baltimore County adopted pursuant to the Zoning Law for Baltimore County.

ITEM # 364

REQUESTED VARIANCES

A variance from Section 1802.3.B (BCR2) to permit:
96-369-SPHA

- (1) A distance of 20 feet between windows instead of the required 40 feet Section V.B.6.c (CMDP)
- (2) A distance of 5 feet from a window to a property line instead of the required 15 feet Section V.B.6.b (CMDP)
- (3) A distance of 20 feet between facing elevations over 20 feet high instead of the required graduated distances based on building height Section V.B.3 (CMDP)

BRIEF TO ACCOMPANY APPLICATION FOR VARIANCES
HEWITT FARMS AND
PLEASANT FIELDS

The Hewitt Farms and Pleasant Fields subdivisions, zoned D.R. 3.5, were reviewed and approved under the C.R.G. development process and subject to the zoning regulations in effect at the time. These regulations imposed certain setbacks relative to window to window, window to property line and distances between facing elevations based on the height of the buildings.

Between December, 1991 and February, 1994, Ryland Homes purchased 51 lots ranging in prices from \$66,000 in 1991 to \$77,550 in 1994 with an average sales pace of 2.3 lots per month. Ryland Homes left the subdivision in 1994 because of a continuing decline in sales activity. Since February, 1994, a total of 15 lots have been sold with an average sales pace of 0.6 lots per month. Additionally, the lot prices are now about \$60,000 or \$17,550 less than the prices in 1994. Two of the four builders actively marketing the lots since 1994 have gone bankrupt and a third has left the project.

This drastic reduction in both sales pace and sales price can in large part attributed to the setback restrictions mentioned above. Potential customers that are interested in the Owings Mills area are able to purchase comparably sized lots in subdivisions approved under the current development and zoning regulations which offer a wider variety of housing designs. The current regulations will permit a larger house and will permit a wider use of windows. The change in regulations places our projects at a significant disadvantage to those projects approved under the current regulations.

Hewitt Farms Associates and Hewitt Farms Associates II has and is suffering undue hardship because of the following:

- (1) We are not able to secure a "reasonable return" on our property as evidenced by the significantly decrease in sales pace and sales price.
- (2) The difficulties we endure are particularly peculiar to our property when compared to newer projects with the same zoning.
- (3) This hardship is not a result of our actions but rather a result of the County's action in changing the regulations.

ITEM # 364

PAGE TWO

Hewitt Farms Associates and Hewitt Farms Associates II are also faced with practical difficulty because:

- (1) Strict compliance would be unreasonably burdensome because of our competitive disadvantage to newer projects approved under current regulations.
- (2) The grant of this variance would be a benefit for the existing residents in this community because an increase in sales pace will allow the projects to be completed, thus allowing the citizens to peacefully enjoy the community without the burden of construction noise, dust debris, traffic and promotional signage.
- (3) The grant of this variance would have no detrimental effect on public safety and welfare and would in fact improve the safety and welfare because of the issues cited in (2) above.

ZONING HEARING ADVERTISING AND POSTING REQUIREMENTS & PROCEDURES

Baltimore County zoning regulations require that notice be given to the general public/neighborhood property owners relative to property which is the subject of an upcoming zoning hearing. For those petitions which require a public hearing, this notice is accomplished by posting a sign on the property and placement of a notice in at least one newspaper of general circulation in the County.

This office will ensure that the legal requirements for posting and advertising are satisfied. However, the petitioner is responsible for the costs associated with these requirements.

PAYMENT WILL BE MADE AS FOLLOWS:

- 1) Posting fees will be accessed and paid to this office at the time of filing.
- 2) Billing for legal advertising, due upon receipt, will come from and should be remitted directly to the newspaper.

NON-PAYMENT OF ADVERTISING FEES WILL STAY ISSUANCE OF ZONING ORDER.

RE: Item No.: 364
Case No.: 96-369-SPHA
Petitioner: Hewitt Farms Assoc. II

Dear Mr. Nolan:

The Zoning Advisory Committee (ZAC), which consists of representatives from Baltimore County approval agencies, has reviewed the plans submitted with the above referenced petition, which was accepted for processing by Permits and Development Management (PDM), Zoning Review, on April 22, 1996.

Any comments submitted thus far from the members of ZAC that offer or request information on your petition are attached. These comments are not intended to indicate the appropriateness of the zoning action requested, but to assure that all parties (zoning commissioner, attorney, petitioner, etc.) are made aware of plans or problems with regard to the proposed improvements that may have a bearing on this case. Only those comments that are informative will be forwarded to you; those that are not informative will be placed in the permanent case file.

If you need further information or have any questions regarding these comments, please do not hesitate to contact the commenting agency or Joyce Watson in the zoning office (887-3391).

Sincerely,

W. Carl Richards, Jr.
Zoning Supervisor

Development Plans Review Division
Department of Permits & Development
Management

The Development Plans Review Division has reviewed the subject zoning item. A 20-foot drainage and utility easement is located along the northeast property line of #314 Belltown Road, between #215 and #217 Ritterslea Court, along the northeast property line of #228 Ritterslea Court and the northwest property line of #230 Ritterslea Court. The variance to permit a distance of 5 feet from window to property line would encroach onto these 20-foot drainage and utility easements. We cannot recommend approval of these three lot variances.

Item No. 364 (ET)

Dear Ms. Watson:

This office has reviewed the referenced item and we have no objection to approval as it does not access a State roadway and is not affected by any State Highway Administration projects.

Please contact Bob Small at 410-333-1350 if you have any questions.

Thank you for the opportunity to review this item.

Very truly yours,

Bob Small
